## INFO

### Delivery

We don't currently offer delivery for catering orders. If you have a large enough order and are willing to pay an extra fee, we might be able to make an exception.

### How Much Food You Should Order

All of our pizzas are 18 inches and cut into 8 slices. We recommend 2 full slices per adult. For calculations: 1 pizza = 4 people fed.

### When to Place Your Order

Place your order at least a day in advance. If you have specific time requirements you should reserve your spot as early as possible. Same day orders will try to be accommodated, but are not guaranteed.

### Specialty Pizza Selection

In order to keep everything as fresh as possible, we rotate our specials weekly. This means that the current specials on our website might change by the day of your event. Although we will make our best effort to accommodate your requests, we cannot guarantee that your favorite pizza will be available for your event.

If you would like to create your own pizza, take a look at our available topping list on our website, and inquire when you place your order.

### Paper Products

Please let us know when you place your order whether you require paper plates, plastic cutlery, napkins, and pizza spices. Goods are included.

### Gratuity

Because our wonderful staff will work extra hard to make sure your order tastes great, is prepared correctly and goes out on time, it is our policy to include a 12% automatic gratuity to any orders of either 7 pizzas and above or \$150 and above.

### Taxes

City and state sales tax are not included in our prices. Tax-exempt organizations can be exempted from sales tax with a proof of exemption. City entertainment taxes are not exemptable.

### How to Order

You can email your order to pizzadelicious.no@gmail.com or call 504-676-8482 and ask to speak to a manager.
